designed to support the trusted content in Kinn's *The Medical Assistant* 15th edition, this study guide is an essential review and practice companion to reinforce key concepts, encourage critical thinking, and help you apply medical assisting content. This robust companion guide offers a wide range of activities to strengthen your understanding of common administrative and clinical skills, including certification preparation questions, a review of medical terminology and anatomy, and application exercises. Trusted for more than 65 years as a key part of the journey from classroom to career, it also features competency checklists to accurately measure your progress and performance from day one until you land your first job as a medical assistant. Comprehensive coverage of all administrative and clinical procedures complies with accreditation requirements. Approximately 190 step-by-step procedure checklists enable you to assess and track your performance for every procedure included in the textbook. Chapter-by-chapter correlation with the textbook allows you to easily follow core textbook competencies. Matching and acronym activities reinforce your understanding of medical terminology, anatomy, and physiology, and chapter vocabulary, short answer, and fill-in-the-blank exercises strengthen your comprehension of key concepts. Multiple-choice questions help you prepare for classroom and board exams. Workplace application exercises promote critical thinking and job readiness before you enter practice. Internet exercises offer ideas for expanded and project-based learning. New content aligns to 2022 medical assisting educational competencies. New advanced clinical skills unit features three new chapters on IV therapy, radiology basics, and radiology positioning to support expanded medical assisting functions. New coverage of telemedicine, enhanced infection control related to COVID-19, and catheterization. New procedures address IV therapy, limited scope radiography, applying a sling, and coaching for stool collection. Updated coverage of administrative functions includes insurance, coding, privacy, security, and more. Expanded information on physical medicine and rehabilitation, expanded content on specimen collection, including wound swab, nasal, and nasopharyngeal specimen collections.
